Reasons comment:

I do not want a quarry next door to our residential property. We have been living here for 5 years and love the peace and quiet and friendly neighborhood. How can this be allowed to proceed in this enlightened society that we enjoy? A quarry next door would be a disaster to our health, as a result of the dust created by, and noise of the machinery. I have read the

application and understand the mitigation measures proposed but I don't believe they will be effective enough to maintain our residential peace and quiet. Please refuse this application so we can continue to enjoy our home.
