Reasons comment:

Dust and air pollution caused by extraction. Silica caused by extraction. Noise pollution caused by extraction. Proposed site is near cafe, restaurant and childcare businesses - extraction detracts from customers being able to dine outdoors and children being able to play outdoors, particularly on a nor'wester day. Discharging contaminants into the air has

already proven to have adverse health affects (Templeton area). This type of activity will seriously devalue properties close to the extraction area and this will have a flow on effect for the entire town of Rangiora.

Consent comment:

Do not approve the above consents.
