Reasons comment:

I live not far away, I have asthma which is affected by dust and this will not only affect that but disrupt the pleasure in enjoying where I live. I would not have moved here if I had known this was likely to happen. I cycle and walk with my dog along the river areas and won't want to near a shingle works. I can already hear Taggart's at their current site, which

is an eyesore with its huge shingle piles and I can't see the new site, if it went ahead being any better. It has already affected my property price just from its potential damage. In this day and age where we are environmentally conscious of our land and our people and our enjoyment of our lifestyle, this is shameful.

Consent comment:

I wish this to be denied.
