Reasons comment:

I am opposed to the Quarry because it is right on top of the residential part of the town. The dust is going to be an ongoing problem, especially for people with respiratory issues. During a nor-wester the whole north west corner of Rangiora will be affected, if not more. It will also severely reduce house values in that area of town, as well as reduce the appeal

of the township to anyone considering moving to this area. The whole town will be financially affected, notwithstanding the environmental impact.

Consent comment:

The quarry should never be considered at this location
