Reasons comment:

This ridiculous proposal should never have gotten this far, it benefits only Taggarts and is detrimental to everyone who lives anywhere near it, the north west winds will make it worse. This sort of thing needs to be in the country not right next to a brand new subdivision, it will be detrimental to the health of many people too. Just dont go ahead

with it, if this goes ahead then somebody is getting a pay off because its the most ridiculous idea I have heard of in a very long time.
