Reasons comment:

In my opinion opening a quarry so close to housing in the NW of Rangiora would be very unfair to people who have built or brought dwellings in the area. During the life of the quarry there will be ongoing noise and dust nuisance to neighboring properties. In my opinion the noise and the dust would have an adverse affect on property values and the

health of people living near the quarry. The housing developments near the quarry are relatively new prime location developments. In my opinion the council have a duty to make sure that the value of these developments are not adversely compromised by any new or additional industrial work or developments in the neighbouring areas.
