Reasons comment:

The quarry proposal will affect my quality of life and that of all those living in the North/North West side of Rangiora. I am concerned specifically about dust from the quarry during the summer months when we have North Westerly winds. Not only is this a nuisance, as it covers cars and houses but it will also impact air quality and lung health,

especially for those who already have respiratory disease. In addition, I am concerned about large lorries on that stretch of road, and the added noise the quarry operation will bring. My home will literally be sandwiched between two quarries.
