Reasons comment:

I am concerned that the dust will still be a problem for those with breathing difficulties - especially the elderly in our community and those with Asthma. It will also have an effect on the operation of solar panels. There is also an affect on house prices - already people are reluctant to purchase in this area near the race course and we are faced with a loss in our

only asset - our property. The noise ay be within the allowance for the WDP but it will be ongoing and will destroy our quiet peaceful environment
