I am all for working on climate change issues but at the moment people are out of work and our region is struggling with the lost of tourists and incomes are down and this should be left until things recover

Is the proposed increase in rates affordable for your household? Neither option is affordable

Any further comments on affordability for your household?

I feel for our house hold our rates are a black hole I put money into and receive nothing for. We have to provide our own water , own sewer , own rubbish collection I know these are not ecan issues but it all adds up. Please look in house at cutting your costs before adding to ours to have your nice to have future plans .
