I don't think that the rate increase proposed is sustainable at a time when the economy is suffering due to the pandemic. No ones income has increased by this percentage.

Do you have any further comments on the activities proposed in specific portfolio/s (please select all those you wish to comment on):

Rates need to be kept to an absolute minimum.

Is the proposed increase in rates affordable as a whole for the Canterbury community?

No

The proposed increase is not aligned with ratepayers incomes. The increase should be aligned with ratepayers increases in wages.

No

Would you support the use of borrowing for operating expenditure to offset some of the first year rates?

No
