I feel this is being well managed based on the budget you have

Is the proposed increase in rates affordable for your household?

Option 2 is affordable

Any further comments on affordability for your household?

I have now retired and am no longer working. I have a fixed income so any increase in rates means we have to reduce expenditure elsewhere. A small increase (a few %) is manageable, but a large increase as mentioned in the media will be a challenge to our household.

Is the proposed increase in rates affordable as a whole for the Canterbury community?

Don't know

Do you support the changes we're proposing to how we apply Uniform Annual General Charges?

No

Would you support the use of borrowing for operating expenditure to offset some of the first year rates?

No

Any further comments on the use of borrowing for operating expenditure?

it eventually means rates will go up.
