Air Quality, Transport and Urban Development portfolio comments:

A public transport system, whether MyWay or regular scheduled bus routes, is an integral part of any community the size of Timaru. We should be encouraging the use of ride-sharing from all members of the public as the way forward, not cutting back on services! Maybe the council staff and others who work in the CBD should be actively encouraged to use public transport to get to and from work, even if this is incentivised. There are many who don't drive, or can, but don't own a car. A public transport system allows independence and freedom, it also offers environmental benefits.
