I do NOT support the ridiculous proposal of so-called "FREE" bus rides for everyone. The point is that they are NOT free, they have to be paid for, and you want ratepayers to fork out. I STRONGLY OBJECT to being forced to subsidise people who are perfectly well able to afford to pay for their own transport. They can make the choice of paying parking charges, paying bus fares, or walking/cycling, as they desire. Do not load the cost onto everyone else.

Do you generally support the activities proposed in the following portfolios:

Water and Land	Yes
----------------	-----

Biodiversity and Biosecurity	Yes
Climate Change and Community Resilience	No
Air Quality, Transport and Urban Development	No
Regional and Strategic Leadership	Unsure

Do you have any further comments on the activities proposed in specific portfolio/s (please select all those you wish to comment on):

Is the proposed increase in rates affordable for your household? Neither option is affordable

Is the proposed increase in rates affordable as a whole for the Canterbury community? No

Do you support the changes we're proposing to how we apply Uniform Annual General Charges? No

Would you support the use of borrowing for operating expenditure to offset some of the first year rates? No

I would like to know why you made the decision to waste money on repainting all the Christchurch buses, when it was not that long ago that they were all repainted and decked out in a whole bunch of different colours. I do not feel that you try to cut your coat according to your cloth, i.e. it's just too easy to waste other people's money and then hold out the bowl for more!
