Are you submitting on behalf of an organisation? No, I'm submitting as an individual

Are you willing to tell us more about yourself? No

Which age category are you in? -

Do you think we've prioritised the right issues and opportunities? No

What do you feel are the significant challenges and opportunities we face?

you are centralizing our water to the government .. you are putting fluoride in our water which is illegal against the nuremburge code to medicate a person against there will .. you have lied about the consultation process which finished on the 3rd march at midnight .. fluoride is a neuro toxin that calcifies the pineal gland so your participating in hurting people ...you will be held accountable ... the fluoride your using is a waste by product from fertilizer companies which actually sterilize ... you dump 1080 on our land in our water .. you do more harm than good ... you allow bio chemicals rained on us daily through chemtrails ... you are a public SERVENT .. you work for us ... YOU ALL WILL BE HELD ACCOUNTABLE

Which of the proposed options would you like to see us progress with? Other option (please specify)

all your options are corrupt ... stop poisoning us for a start and stop thinking you own our land and our water ,,, were well aware of agendas 2021 2030 and 2050 that you are a part of ... you might want to

consider either researching if you have no idea or you might want to quit your job before your held accountable

It is important that we hear what you would like to keep in the plan, what you think should be removed, and anything that you think we have missed?

as above no chemtrails no 1080 no fluoride you dont own our land and water ... the only climate change is caused by you and your poisons .. you are NOT bio diversified you are killing our bugs with your chemtrails and our native animals with your 1080
