Water and Land

**Water and Land portfolio comments:**

I am really concerned about the level of nitrates in water and would support any action that will make nitrate polluters accountable and put an end to increased nitrate levels.

**Is the proposed increase in rates affordable for your household?**

Option 1 is affordable

**Any further comments on affordability for your household?**

I would rather pay and have these issues addressed. Not addressing these will course further problems down the track.

**Is the proposed increase in rates affordable as a whole for the Canterbury community?**

Yes

**Do you support the changes we're proposing to how we apply Uniform Annual General Charges?**

Yes

**Would you support the use of borrowing for operating expenditure to offset some of the first year rates?**

No

**Any further comments on the use of borrowing for operating expenditure?**

I would like this to be reduced to zero. I support finding progressive ways to fund ECAN so that the rich can pay more and poorer people pay less.
