**Water and Land portfolio comments:**

I would like to see stronger action on reducing nitrate levels in water. Charging the polluters could be one option.

**Climate Change and Community Resilience portfolio comments:**

I would like to see more funding for climate education.

**Air Quality, Transport and Urban Development portfolio comments:**

I would like to see an increase in public transport options and to prioritise cycling over cars. The number of cars in Christchurch is only set to increase and I feel people should be encouraged to leave their cars at home rather than increase the number of roads/lanes to accommodate more cars.
