Is the proposed increase in rates affordable for your household? Option 2 is affordable

Is the proposed increase in rates affordable as a whole for the Canterbury community? No

Do you support the changes we're proposing to how we apply Uniform Annual General Charges? No

Any further comments on Uniform Annual General Charges?

While it may seem unfair urban could be subsidizing rural.
Costs per house hold are all most negligible to all, but if some costs are targeted the will become too costly for a few.

Would you support the use of borrowing for operating expenditure to offset some of the first year rates? No

Do you support the rationale and proposed changes in the draft Fees and Charges Policy? Yes

Any further comments on the Fees and Charges Policy?

There needs to be some oversight to costs recovery relative to the outcomes that are applied for.
ie repeatable info costs needs to be averaged out for high demand consent applications and services.

Any further comments on Hekeao Hinds Managed Aquifer Recharge? Yes

As for Q 24 . The greater Canterbury region has benefited from the on going prosperity and development of rural Canterbury over the last 200 odd years. But as we understand what some of these changes could/are doing to the Environment its going to take the whole community and time to unwind, change and diversify.

Plan change 2 in our area achieved this so should be backed by everyone. Not thrown out with bath bath water as council members and central Government changes.
