Air Quality, Transport and Urban Development

**Air Quality, Transport and Urban Development portfolio comments:**

I would like to see the MyWay bus continue (with continued improvements). I was on the pre Covid trial of this and found it very easy to use. I think that lost of people in Timaru who don't drive would find it very useful as you don't have to walk to a bus stop miles away to catch it. I makes it easier for people to leave their cars at home and therefore reduce pollution and congestion

**Is the proposed increase in rates affordable for your household?** Option 1 is affordable

**Any further comments on affordability for your household?**

For the small increase we are better to do the best that we can to save money in the long run (look at Wellington's pipes!)

**Is the proposed increase in rates affordable as a whole for the Canterbury community?** Don't know

**Do you support the changes we're proposing to how we apply Uniform Annual General Charges?** Don't know

**Would you support the use of borrowing for operating expenditure to offset some of the first year rates?** Don't know

**Any further comments on the use of borrowing for operating expenditure?**

This would have to work out better in the long run
