Water and Land	Yes
Biodiversity and Biosecurity	Yes
Climate Change and Community Resilience	Yes
Air Quality, Transport and Urban Development	Yes
Regional and Strategic Leadership	No

Do you have any further comments on the activities proposed in specific portfolio/s (please select all those you wish to comment on): . Air Quality, Transport and Urban Development

Air Quality, Transport and Urban Development portfolio comments:

I think focusing on public transport with light rail and electric buses while reducing cost for individuals to use that transportation so they are incentivised to use those methods of transport should be number 1, because it also effects the impact to the environment as well, by reducing emissions, also if more people used public transport, public transport would actually be on time if there's less traffic.

Is the proposed increase in rates affordable for your household? Neither option is affordable

Any further comments on affordability for your household?

First home buyers who had to dump everything we got to even get on the property ladder, its hard enough as it is

Is the proposed increase in rates affordable as a whole for the Canterbury community? No

Any further comments on affordability for the community?

Maybe to targeted rate changes for specific properties that are over a certain value, so people who maybe just got a starter home can still afford to live while wealthy people who can afford the change front it.

Do you support the changes we're proposing to how we apply Uniform Annual General Charges? Don't know

Would you support the use of borrowing for operating expenditure to offset some of the first year rates? No

Any further comments on the use of borrowing for operating expenditure?

Short term gain long term pain
