Subject: LTP Submission
Date: Friday, 9 April 2021 11:38:57 am

Good morning,

I want to make the following submission concerning an aspect of the LTP

It concerns the Mayfield - Hinds - Valetta water consent. At this stage, this is a non notifiable consent, and I strongly disagree with this as a process. The public must be granted the opportunity to be heard, an any decision made by elected representatives or any delegated authority that has consequences for public health and the environment.

Environment Canterbury must prioritise and resource an urgent plan change to the Canterbury Land and Water Regional Plan, that actively provides for public input when processing resource consents that have consequences for public health and the environment. Until then, these consents should not be granted.

I do not wish to speak to my submission.

Michael Williams
