Borrowing

Borrowing can be used to spread the burden of a high-cost activity over several years. We usually consider it appropriate to spread the cost of an activity because the benefit of the activity lasts the same time or longer than the repayment period. With a potential 10-year loan period, repayments would have some impact on rates for 13 years.

Would you support the use of borrowing for operating expenditure to offset some of the first year rates?

- ☐ Yes
☐ No
☐ Don't know

Fees and Charges

Our Fees and Charges Policy sets out how much users will pay for activities like consents, compliance and monitoring, harbourmaster and navigation safety, and holding events in regional parks and forests.

Do you support the rationale and proposed changes in the draft Fees and Charges Policy?

☐ No
☐ Don't know

I think the main focus is to provide timely and accessible public transport in the Timaru area; extending further afield in the future eg Geraldine, Pleasant Point, Waimate, Fairlie, Tekapo.

Its got to be Sustainable and environmentally friendly hence the use of smaller busses has been excellent.

My preference is to have Fixed Routes covering more of the district, with a set timetable

Thank you
