<p>The re-writing of various sub regional and regional plans. Ecan needs to focus that Plan Change 2 (active since 2018) is already delivering improvements and has considerable alignment already with the objectives of EFW. Why propose a significant spend to re-write a plan that is already delivering positive results. It is not necessary to re-write this plan, instead why not use the investment to focus on areas that do not have sub-regional plans. Let Plan Change 2 continue as it is.</p>
