The Hekeao Hinds Managed Aquifer Recharge is Yes a pilot of environmental infrastructure to address water quality. To continue enhancing this infrastructure, the project would require ongoing targeted rates from the Ashburton district. Find out more [link]. Do you want to see this project continue?

Any further comments on Hekeao Hinds Managed Aquifer Recharge? Yes

Ecan should promote this vigorously with the people of our district. In my opinion this is a winner. If you at Ecan ignore this project you have no credibility.
