Version	0.1
First name	Jacinta
Surname	O'Reilly
Email address	
Are you submitting on behalf of an organisation?	No, I'm submitting as an individual
Are you willing to tell us more about yourself?	Yes
Which age category are you in?	40-64 years old
Which suburb or area do you live in?	
Do you think we've prioritised the right issues and opportunities?	Yes
Which of the proposed options would you like to see us progress with?	Option 1: statutory work, prior commitments and accelerating key initiatives
It is important that we hear what you would like to k and anything that you think we have missed?	eep in the plan, what you think should be removed,
I would like you to put more resource into public	c transport. I would like short journeys at least to be

I would like you to put more resource into public transport. I would like short journeys at least to be very cheap or free. I would like you to set a goal of making jumping on a bus something people can do without thinking about it, something that competes with making the same journey by car.

Do you generally support the activities proposed in the following portfolios:

Water and Land	Yes
Biodiversity and Biosecurity	Yes

Is the proposed increase in rates affordable as a Yes whole for the Canterbury community? Any further comments on affordability for the community? Mitigating climate change and biodiversity loss impacts allowed to happen for cost "saving" will be a lot more expensive. Do you support the changes we're proposing to how we apply Uniform Annual General Charges? Would you support the use of borrowing for operating expenditure to offset some of the first year rates? Where do you live in Canterbury? Select your Christchurch city including Banks Peninsula		
Regional and Strategic Leadership Yes Do you have any further comments on the activities proposed in specific portfolio/s (please select all those you wish to comment on): Air Quality, Transport and Urban Development activities proposed in specific portfolio/s (please select all those you wish to comment on): Air Quality, Transport and Urban Development portfolio comments: Urban public transport should be free. Less frequent on off peak is fine, as long as buses run to the timetable. The cost is a bigger barrier IMO Is the proposed increase in rates affordable for your household? Option 1 is affordable Is the proposed increase in rates affordable as a Yes whole for the Canterbury community? Option 1 is affordable Any further comments on affordability for the community? Mitigating climate change and biodiversity loss impacts allowed to happen for cost "saving" will be a lot more expensive.
