Is the proposed increase in rates affordable for your household? Option 1 is affordable

Any further comments on affordability for your household?

I'm unsure what option 1 and 2 are but I think it's important that rate increase at the rate of inflation to ensure the CCC and maintain what its doing

Is the proposed increase in rates affordable as a whole for the Canterbury community? Don't know

Any further comments on affordability for the community?

I think with the homeownership shifting into a few hands its fair they pay what CCC require. Rent payers are paying more than their share to line private pockets that already have more

Do you support the changes we're proposing to how we apply Uniform Annual General Charges? Yes

Would you support the use of borrowing for operating expenditure to offset some of the first year rates? Don't know

Any further comments on the use of borrowing for operating expenditure?

I trust CCC to make the best decision for those in the community that are struggling the most. You know the details more than I do and understand the implications.

Do you support the rationale and proposed changes in the draft Fees and Charges Policy? No

Any further comments on the Fees and Charges Policy?

I think there needs to be a sliding scale that richer people pay more and poorer pay less
