**The Hekeao Hinds Managed Aquifer Recharge is a pilot of environmental infrastructure to address water quality. To continue enhancing this infrastructure, the project would require ongoing targeted rates from the Ashburton district. Find out more [link]. Do you want to see this project continue?** No

**Any further comments on Hekeao Hinds Managed Aquifer Recharge? No**

MAR is not a sustainable way to support our polluted ground water. It will only create more problems as we take water from one source to dilute the pollution in another. ECAN needs to deal with the original polluters and start phasing out MAR
