I do / do not wish to speak to my submission (circle one)

I support:

1. The public being granted the opportunity to be heard, on any decision made by elected representatives or any delegated authority that has consequences for public health and the environment.

2. That Environment Canterbury prioritise and resource an urgent plan change to the Canterbury Land and Water Regional Plan, that actively provides for public input when processing resource consents that have consequences for public health and the environment. Until then, these consents should not be granted.

3. Other matters I would like Environment Canterbury to consider (continue overleaf if necessary):

- encourage & support diverse, sustainable agriculture
- encourage & promote desexing of domestic cats & dogs
- instate regular, userfriendly commuter rail connections from Rangiora, Rolleston & Darfield to Christchurch
- reinstate Moorhouse central Train station
- provide safe rural cycle lanes along SH 75 Christchurch → Tai Tapu → Motukarara
- stop burning off practice, until then ban rubbish fires & increase for burning of ~~the~~ prohibited materials e.g. plastics, agrochemicals

Supporting documents (Please attach any documents to support your submission)

Files e.g. - introduce circular economy model  
- minimise & ultimately eliminate waste & pollution.  
- keep products & materials in use & regenerate natural systems

Thanks for the opportunity to provide feedback/
