As frequent users of the My Way transport service in Timaru we wish to make a submission in support of Option 1: to keep My Way by Metro as a on-demand service in Timaru.

We support the trialling of an on-demand service in other communities, in some form or other, providing the cost be funded through a targeted rate for those communities as is the case in Timaru.

This service should continue for the following reasons:

- It is an easily accessible way for those without cars, or unable to drive, to get around Timaru.
- The service promotes a reduction in the number of cars on the road and, therefore, reduces emissions which is essential to meet environmental targets
