To Environment Canterbury Chairwomen and Councillors,

We wish to express our concerns at the proposal to increase the rates by 24%.

Turley Farms is an arable and vegetable operation farming over three localities being Temuka, Rangitata and Chertsey. The total area is 2940 ha's

We are all in challenging times and it is absolutely imperative that costs are controlled.

On the income side of our business it would be great if we could just dial up a price for our produce – but that isn't how business works.

The strength of our business is to be able to control costs – our wish is for Ecan to do the same.

Turley Farms strongly oppose the proposed huge rate increase.

Yours sincerely

Margaret and Murray Turley
