- ① WATER - overarches everything
- ② Public Transport - city { detail
- region }

personal use, now: car ... for more than I'm happy
with

bus ... very occasionally
prior to recent earthquakes
upheavals my principal
primary transport.
Not now

gondola + tram

in my real world I need

- single bus to inner central city, \$140
- (free) shuttle bus within the
"square mile"

ideal: rail also

understanding that this involves
20-30 years commitment/planning
+ construction. Start now.

- ③ Remember: people - overlap commerce
timeline - now, continuous to far future

- ④ Rationale: the future began yesterday

- ⑤ Do I wish to speak to this? Probably.

PS Please in future include a proper submission form as
part of the promo/info document. Hard copy. As was
done previously. Then I can use it
