No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

it has the most likelihood if increasing bus patronage and gives good options for those who can't afford to drive

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

petrol tax and carbon tax is ideal which is big part of the cause of the problem. this may be outside ecan's scope though so central government may need to manage this

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

inter-city bike infrastructure such as a Christchurch to Timaru (& Dunedin) cycleway. with increased range of e-bikes these will be options for long distance journeys if there is safe routes. The Christchurch - Rangiora cyclepath has been a big game-changer for riding between those centres.
