Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am a Whanau of 3. And I have wanted to use the bus system more but for 3 of us it would cost \$75 a week- I can run my car for less than this and have greater flexibility. Option 1 suits as I am a CSC card holder + a tertiary student and my daughters are under 25 so therefore this option would suit us best

Any other comments on bus fares?

When I'm level 4 lockdown we used the bus all the time as it was free this was a great option so I know if it was free we would use it

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Not sure

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?
