Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Evan

Last name

Clulee

Email address

Suburb

Rangiora, Rangiora

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As a disabled person, who is also a Beneficiary, i support Option 1. For the reason that most disabled people are on lower incomes, and I want to see disabled people being able to move around their communities at low cost, and being able to access services we need to live good lives.

Any other comments on bus fares?

I think Option 1 is the best option going forward. makes sense in terms of the suggested fee structure, and free travel for people on lower incomes - community service card holders

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

It's a wide scale event, affecting people across a large region. So i think both a mix of central Government funding, and local level rates funding - with funds going to projects that mitigate the impact of future flooding, and for immediate flood recovery

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

I think any climate change response, and funding needs to originate at national Government level

Where did you hear about the consultation?

Social media (Facebook, Instagram)
