**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

15– 24 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

I think it's a fantastic idea to make public transport more accessible to all members of our community by decreasing costs. I think a decrease and cheaper rates across the board will only encourage more inter-community travel and hopefully spark more engagement across the city in areas that people may have not been able to justify the commute to previously.

---

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

Yes

---

**How else might we pay for our share of this work?**

I don't know enough to comment. I think borrowing money and repaying it using the budgeted and allocated funds to complete such projects is completely reasonable.

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

Well I would assume that kind of funding for public infrastructure should come from taxes and rates.

---

**Which option for distribution of rates in Ashburton River rating district do you support?**

I don't have a preference

---

**Would you support a levy to accelerate action in response to climate change?**

Yes
