Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Daniel

Last name

Morris

Email address

Suburb

Christchurch Central, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

This option provides the most support for those who tend to benefit most from bus use.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Increased guidance, training and monitoring around business energy use, emissions and sustainability. Support for people switching to renewable options - for example, subsidies/co-funding for EV charging station installations, low interest/interest free loans to support EV uptake. More frequent emissions surveys to monitor significant contributors, and funding to support emissions reductions in those areas. Increased reliability, availability and promotion of public transport options.

Any other comments on future funding for responding to climate change?

This funding needs to be used for both short-term gains, as well as longer term investments in reducing our climate impact. Collecting data on emissions, eutrophication and waterway health etc. is vital to our understanding of what we need to work on.
