Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Having the fare-free option will not benefit me when I am older than 25. The tertiary student concession doesn't affect people not going to university. Option 2 has the largest amount of benefits for me when I am older, as I will be able to pay the same price for any bus around Christchurch and beyond. It is also the option cheapest for me and helps in making public transport preferable to driving..

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Public transport; particularly passenger rail. High-density eco-friendly housing as well.
