No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I would support option one because it would be good not only for our whole society but the environment as well. It would encourage those who would normally rely on their car to take them into work to get the bus, it would be a massive benefit to those on low incomes and help alleviate some of the pressure they are facing.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Don't know
