Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Cheaper fee for full buses, better than expensive fee in empty buses...

Any other comments on bus fares?

Use smaller bus!

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How else might we pay for our share of this work?

Government grants and insurance

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Government grants and insurance

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on future funding for responding to climate change?

There are other ways to make people act responsibly, stop increasing rates, it is no the answer...

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Cost of living is getting so ridiculously high, it's time we think of innovative ways to care for our environment. Increasing rates to pay agencies that have no competition, and are therefore charging two fold current fees is unacceptable. Yet we can only watch these funds disappearing carelessly.
