Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

1. Fairer for all users 2. Diamond harbour ferry not being included in option one is unfair and with the rates increase to pay for this Chch wide initiative the DH residents will be paying for it and not getting any benefit. 3. Making fares cheaper all round will benefit thousands more people than just a few groups.

Any other comments on bus fares?

Make them cheaper all round. Flat rates and day tickets and you will see far more users.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

Don't know

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Our many many taxes we pay every year.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

More Electric vehicle subsidies. manufacturing industry investigations. Pollution around Lyttelton harbour investigations

Any other comments on future funding for responding to climate change?

Rates and taxes should be covering this

Where did you hear about the consultation?
