Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As someone on minimum wage, who relies on buses to get to and from work due to disabilities that prevent me from driving, the cost of getting to and from my job is too high, especially considering that there aren't any bus routes that go close to my job. This means I pay upwards of 5 dollars daily plus have a 15 minute walk either side of the bus trip to get to work.

Any other comments on bus fares?

I would like to see free bus fares for all ages groups in the future

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes
