Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

Firstly if you want to reduce traffic congestion during peak times target the road users during those times and provide them with incentives to use the bus, I don't believe option 1 targets those road users instead it targets the least likely ones to be using their own vehicles during peak times, plus I don't believe option 1 is fiscally responsible and users need to contribute something otherwise the increase in rates penalises non bus users also

Is borrowing and repaying through general rates the right approach for this regionally significant event?

No

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

By central govt

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference
