No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Tell us more about why you support the selected bus fare option.

I work for an aged care facility (min wage) I bus home mon to fri. (2 buses). Option 1 = no benefit to me. Option 2 = \$0.65 saving per day vs. Rates increase. Option 3 = no benefit to me.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know
