No, I'm submitting as an individual

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Free bus fare will encourage more people to take public transport, which takes cars off the road and is better for the environment in the long run.

Any other comments on bus fares?

Public transport should be free and accessible to everyone. Not everybody is capable of driving, and bus fare can be an added expense for struggling individuals and households.
