No, I'm submitting as an individual

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

I don't have a preference

Tell us more about why you support the selected bus fare option.

I would love to see options 1 or 2 become available. Currently we live just 5 stops from my sons school but it is cheaper to drive him than have him catch the bus as I would have to pay both adult and child fares while teaching him how to use the service.

Any other comments on bus fares?

I will be more inclined to start using the bus again with my children once covid-19 subsidies in the community.
