Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Erin

Last name

Inwood

Email address

Suburb

Woodend Beach, Woodend

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As a disabled user I would benefit greatly as the bus is my main source of independent transport and would be of immense savings for me.

Any other comments on bus fares?

The current bus fares are difficult to pay, and I use the bus in a limited manner as such. The cost (while understandable) is high.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

Maybe lessen the funds that are given to NZ on Air for atrocious shows no one watches? Just a thought.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Doesn't the council put funds aside for this type of thing? If they don't, then why not? Flooding is something that we can more or less guarantee here on the CANTERBURY PLAINS. The clue is in the name, no?

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Anything that allows us to eak out another decade on a plant we've treated pretty poorly

Any other comments on future funding for responding to climate change?

Do it. Do it now, give all you can. I'm embarrassed to pass this mess onto our kids.

Where did you hear about the consultation?

Social media (Facebook, Instagram)
