Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Jessica

Last name

Frost

Email address

Suburb

Riccarton, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am under 25. If I was older I might have a car. Unless I was poor, in which case I might hold a community services card. People who have money to spend on buses don't normally prefer the bus vibes. So maybe not the best financial strategy haha

Any other comments on bus fares?

People who have money to spend on buses don't normally prefer the bus vibes. So maybe not the best financial strategy haha

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

Charging for the ecosystem services of upstream land users contributing to river capacity etc. Selling water. Selling compost at higher rates. Speculating on the stock market. Investing in climate friendly ventures that generate revenue and support communities: turning plastic waste into crude oil (solvent rescue).

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

By investing in prevention, and stopping global warming continuing. Insurance. Community business partnerships with volunteers to help with events. Army reserve promotion.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Any other comments on flood protection in Ashburton?

Speak to hydrologists and engineers. Ecological plantings could help.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Public transport Meat alternatives Fibre alternatives Disposal alternatives Harsh chemically intensive waste producing industries (insecticides/agri chemicals, cleaning products, personal care products) Biodiesels, green-crude oil,

Where did you hear about the consultation?

Social media (Facebook, Instagram)

Word of mouth

Other (please specify) - Friends Instagram story promoting involvement in local politics
