15– 24 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

---

**Tell us more about why you support the selected bus fare option.**

I'm multiple of the things on that list but will be a community service card holder for the longest time out of those and it would hugely help my ease of access to not have to pay for transport. I don't have a car, I have a baby on the way and I need to get around. Please please do option 1.

---

**Any other comments on bus fares?**

They're too high and the system is flawed! Free fares please!

---

**Would you support a levy to accelerate action in response to climate change?**

Yes

---

**What current or future projects or activities would you like to see funded by such a levy?**

More public transport and more clean energy options.

---

**Where did you hear about the consultation?**

Social media (Facebook, Instagram)
