**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

As a Supergold card user the fare option will make little difference to me. However I believe Option 2 will give all the population a benefit (rather than a targeted group) and has the potential to attract a wider group to use public transport. I do not support any move that encourages children to travel to schools outside their neighbourhood as Option 1 could do.

---

**Any other comments on bus fares?**

I do support moves to encourage people out of their vehicles and on to alternative means of transport.
