Which age category are you in?

15– 24 years old

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

As a student who is very broke free busses would mean that I could bus to and from uni without having to worry about having enough money on my bus card. It would save me petrol costs (big plus with these prices) and make me way more likely to take the bus

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

Would you support a levy to accelerate action in response to climate change?

Yes

Where did you hear about the consultation?
