No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I'm so pleased to see these options being considered, and especially that option 1 is preferred. This would have made a massive difference to me when I first moved to Christchurch to study! Right now it won't affect me directly but in a few years it will save me and my children money when they reach the age where they'd usually pay a child's fare.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

I don't have a preference

Yes
